The EPA National Environmental Performance Track: An Overview

National Defense Industrial Association (NDIA) 30th Environmental and Energy Symposium

San Diego, CA

April 7, 2004

National Environmental Performance Track
U.S. Environmental Protection Agency

Program Entry Criteria

- Environmental management system in place
- Commitment to continuous environmental improvement
- Good compliance history
- Community outreach program

National Environmental Performance Track
U.S. Environmental Protection Agency

Environmental Aspects for Continuous Improvements

- Air emissions
- Discharges to water
- Energy use
- Materials use
- Preservation/ restoration
- Product performance
- Waste
- Water use

National Environmental Performance Track
U.S. Environmental Protection Agency

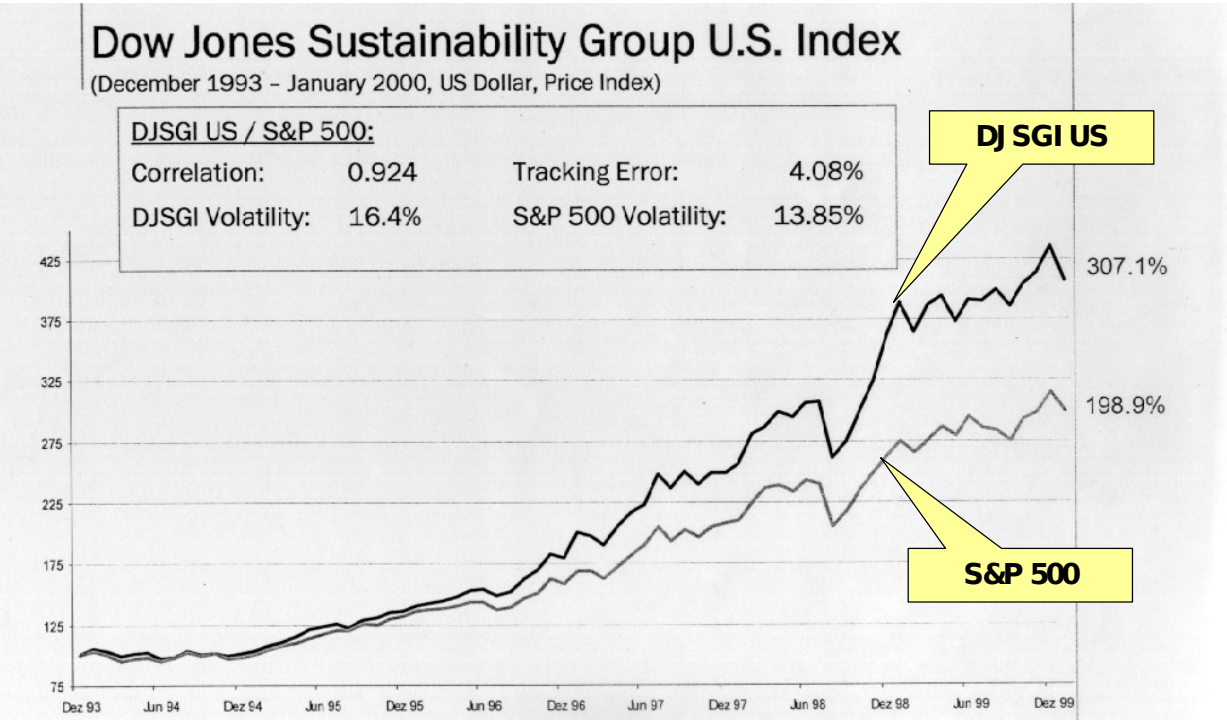
Benefits of Performance Track

- Ability to Improve your ‘Bottom Line’
- Greater Regulatory and Administrative Incentives
- Public Recognition
- Improved Environmental Reputation with Customers
- Opportunities for Community Outreach, Peer Networking, and Collaboration
- Improved Environmental Relationship with Corporate Headquarters
- Increased Employee Morale and Productivity
- Enhanced Working Relationship with EPA

National Environmental PerformanceTrack
U.S. Environmental Protection Agency

Ability to Meet the Triple Bottom Line

Sustainability Linked to Financial Performance



National Environmental PerformanceTrack
U.S. Environmental Protection Agency

Greater Regulatory and Administrative Incentives

- Greater administrative flexibility
- Low priority for routine inspections
- Contact at EPA on other environmental issues
- Two proposed rules reduce the burden of RCRA and CAA
- MOAs with States facilitate joint participation
- New burden reduction rules and State MOAs are constantly under development

National Environmental Performance Track
U.S. Environmental Protection Agency

Improved Environmental Reputation with Customers

"Going beyond compliance creates a competitive advantage in the marketplace. What's good for the environment can actually improve our competitiveness."

Karl F. Schmidt, Vice President for Worldwide Environmental Affairs, Johnson & Johnson

National Environmental Performance Track
U.S. Environmental Protection Agency

Opportunities for Networking and Collaboration

- Access to Best Practices
- Annual Member Event
- Regional Roundtables
- Mentoring Program
- Tele-Seminars
- P-Track News
- GreenBiz Database

National Environmental PerformanceTrack
U.S. Environmental Protection Agency

Increased Employee Morale and Productivity

Performance Track Activities

- Enhance employee productivity
- Improve pride in product and company
- Reduce turnover
- Offer opportunities for career development
- Reduce employee burdens
- Reduce paperwork and disruptions
- Improve recruitment

National Environmental Performance Track
U.S. Environmental Protection Agency

Some of Our Members

- 3M
- Battelle
- Chevron-Phillips Chemical
- DOE - Strategic Petroleum Reserve
- DuPont
- IBM
- International Paper
- Lockheed Martin
- Marathon Ashland Petroleum
- Motorola
- Naval Air Depot North Island (San Diego, CA)
- Naval Air Engineering Station (Lakehurst, NJ)
- Naval Undersea Warfare Division (Newport, RI)
- 173rd FW, Kingsley Field, ANG (Klamath Falls, OR)

National Environmental PerformanceTrack
U.S. Environmental Protection Agency

Enhanced Working Relationship with EPA

Performance Track members develop cooperative relationships with EPA resulting in:

- Increased regulatory flexibility;
- Access to EPA personnel;
- Access to information resources; and
- Responsiveness from EPA on facility issues.

National Environmental Performance Track
U.S. Environmental Protection Agency

Lockheed Martin Facilities in Performance Track

- Lockheed Martin Aeronautics **Marietta, GA**
- Lockheed Martin Maritime Systems and Sensors **Manassas, VA**
- Lockheed Martin Missiles and Fire Control- Dallas, Camden Operations **East Camden, AR**
- Lockheed Martin Missiles and Fire Control- Dallas Operation **Grand Prairie, TX**
- Lockheed Martin Missiles and Fire Control **Orlando, FL**
- Lockheed Martin Maritime Systems and Sensors, **Liverpool, NY**
- Lockheed Martin Space Systems Company, Waterton Plant **Littleton, CO**
- Lockheed Martin Systems Integration-Owego **Owego, NY**
- Lockheed Martin Maritime Systems and Sensors, **Baltimore, MD**
- Lockheed Martin Maritime Systems and Sensors, **Moorestown, NJ**

National Environmental Performance Track

MS2 Undersea Systems

Business Excellence

World-Class Credentials

- *SEI CMM Level 5 Certification*
- *SEI CMMI Level 5 Certification*
- *ISO 9001 Registration*
- *ISO 14001 ESH Registration*
- *Performance Track and VADEQ E3*
- *DCMA ISO 9001 Qualification*
- *AS 9000 Registration*

Customer Recognition

- *DIS Cogswell Award (Industrial Security)*
- *DoD Model for Software Development (BSY-2)*
- *OSHA VPP - STAR Award*
- *Hammer Awards*

Corporate Achievements

LM21 "Best in Class:"

- *Systems Engineering*
- *Software Capability Maturity*
- *Design Reuse*
- *COTS*
- *Leadership Development*

- *ESH Achievement Awards*
- *ESH Excellence Award*

Citizenship

- *NAACP's Community Leadership Award*
- *United Way Community Leadership*
- *Governor's Environmental Excellence Award*
- *OFCCP Honor Roll for Prevention of Harassment in Workplace*

It's Not What We Say … Rather It's What Our Customers Say

U.S. Environmental Protection Agency

Other NDIA Member Companies with Performance Track Facilities

- 3M
- BAE Systems
- Battelle Memorial Institute
- Caterpillar, Inc.
- Concurrent Technologies Corp.
- DuPont
- Honeywell International
- Lockheed Martin Corp.
- Motorola, Inc.
- Pacific Defense System
- Raytheon Company
- Rockwell Collins, Inc.

National Environmental Performance Track
U.S. Environmental Protection Agency

Partnerships with States

- Agreements with CO, MA, TN, TX, and VA
  - Coordinate state and federal programs
  - Facilitate joint participation
  - Implement incentives, such as low priority for inspections, expedited permitting, and reduced reporting
  - Looking to develop up to 10 more MOAs

National Environmental Performance Track
U.S. Environmental Protection Agency

Performance Track

Network Partners

- Academy of Certified Hazardous Materials Managers
- American Chemistry Council
- American Furniture Manufacturers Association
- American Textile Manufacturers Institute
- Associated General Contractors of America
- The Auditing Roundtable
- Cement Kiln Recycling Coalition
- Global Environment & Technology Foundation Public Entity EMS Resource Center
- Greening of Industry Network
- International Car Washers Association
- National Association of Chemical Distributors
- ***National Defense Industrial Association***
- National Paint and Coatings Association
- National Pollution Prevention Roundtable
- National Ready Mixed Concrete Association
- National Stone, Sand and Gravel Association
- NORA, an Association of Responsible Recyclers
- North American Die Casting Association
- Screenprinting and Graphic Imaging Association International
- Steel Manufacturing Association
- Synthetic Organic Chemical Manufacturers Association
- Voluntary Protection Programs Participants' Association
- Wildlife Habitat Council
